

PRODUCT SPECIFICATION FORM

ANEST IWATA Air Engineering

Date _____

Distributor _____ Salesperson _____

Application _____

Provide a brief description of what the Oil Free Air is being used for _____

New Application _____ Replacement _____

If replacement , What system is installed now? _____

Pressure Range _____ Max PSI _____ Min PSI _____ System Operating Pressure _____

Pkg. Preference Scroll _____ Recip _____

Demand (Flow) _____ Max CFM _____ Min CFM _____

Duty Cycle _____ Hrs. On _____ Hr's Off _____

Estimated Operating Hours Per Year _____ Hrs.

Is Redundancy required Yes _____ No _____

Power _____ 208/3/60 _____ 230/3/60 _____ 460/3/60 _____

_____ 208/1/60 _____ 230/1/60 _____ Other (specify) _____

Available Amps _____ Amps _____ Max Noise Level _____ dBa

Ambient Conditions _____ Air Temp _____ %RH _____

Air Receiver Requirement _____ Gallons _____ Vert _____ Horiz _____

Are Dryers Required Yes _____ No _____ PDP _____

Filtration _____ N/A _____ μ Pre _____ μ Main _____ μ After _____

Is the mounting location open and well ventilated? Yes _____ No _____

If No please explain _____

Ambient Air Temp _____ Degrees F

Special Considerations _____

Competitors on the Project _____

Delivery- Required Date _____
