INDUSTRY: Manufacturing

APPLICATION: Precision/Critical Machining

PRODUCTS: OFB-15-T460 (IRCO OL-15 replacement)

DETAILS: The application requires high quality Oil Free Air and the redundancy of a duplex system. The AIAE OFB-15 is a “drop in” replacement for the obsolete OL-15 machines. Controls for the AIAE OFB-15 are ordered separately and shipped loose with the unit and installed at installation. This CNC application can not go down during run time. A system crash during run time will result in unacceptable high costs and therefore the need for a redundant duplex system.

Model OFB-15-T460

2 units

Plus Controls “Shipped Loose”

Total List Price \$25,980

Including Controls

Precision CNC Machine

SPECIFICATIONS: _____

HORSEPOWER: 15 HP ea.

OPERATING PRESSURE: 120 PSI

AIR DELIVERY: 41 CFM ea.

CONTROL SYSTEM: MULTI UNIT CONTROL

- AUTO STOP/START

NOISE LEVEL: 72 dBA

AIR OUTLET: BALL VALVE 3/4” NPT

POWER: 208-230-460V/3 PHASE/60Hz

DIMENSIONS: 47” x 25” x 27” ea.

WEIGHT: 540 LBS. ea.
